

River's Edge Parent and Family Engagement Budget Survey
September 13, 2018

Dear Parents and Family Members,

We value your input! As a parent of a child who receives Title I services in our school, you have the right to give input about how the school district budgets and spends its Title I Parent and Family Engagement money. Our school held various meetings with parents and family members in April, May, and August in order to revise our school's Parent and Family Engagement Plan and School-Parent Compact for the 2018-2019 school year. We hope that you had the chance to participate in one of those meetings. In the meetings, we discussed the following:

1. Parents and family members asked for more educational materials they could use at home to support increased learning opportunities with their student.
2. Parents and families would like more parent workshops to assist them in supporting their student's academic success.
3. Parents and families would like more technology information and resources.
4. Parents and families indicated the budget should be increased with more funds allocated towards supplemental at home learning materials.
5. Parents and families stated that they like having a Parent Resource Center and Engagement Coordinator who is a liaison for them and provides family engagement opportunities at the school.

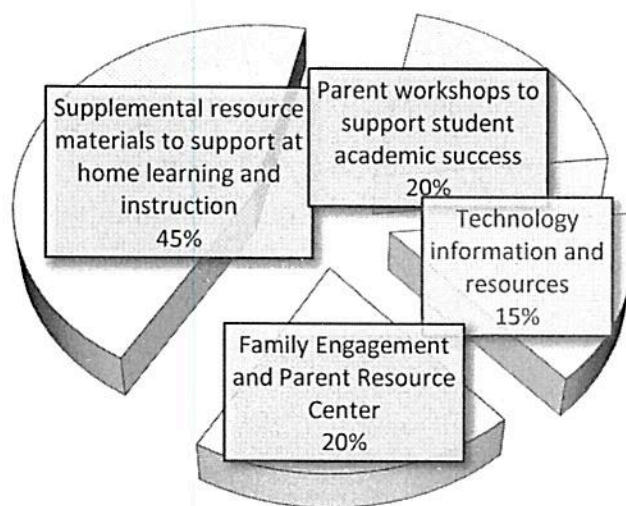

Last year we had \$1864.00 in the Title I Parent and Family Engagement budget, and we spent the money this way:

For the 2018-2019 school year our 1% Title I Parental Involvement budget allocation is \$2008.00.

The amount reflects an increase resulting from parent requests that more funds be allotted in our 1% Parent and Family Engagement Budget. Parents have asked that more resources be available to support student academic success through increased learning at home opportunities. Therefore, we would like to continue to use the money to make additional supplemental resource materials available to parents and families in the Parent Resource Center to support instruction at home. We would also like to offer special Parent Workshops, presented by teachers after school hours, focusing on the areas of Math and Reading. We would like to spend the Title I Parental Engagement budget this way:
